
SNAP - MULTIPLE CHOICE QUESTIONS

1. Which of the following snap options should not be activated together?
 - a) Snap parallel & Snap ortho
 - b) Snap perpendicular & Snap ortho
 - c) Snap ortho & ortho track
 - d) Snap parallel & Snap perpendicular

2. Ortho track option is available in which of the following?
 - a) Bar snap
 - b) Object snap
 - c) Grid snap
 - d) Guideline snap

3. Can lines be drawn anywhere around the grid, when only the grid snap near point is activated?
 - a) Yes
 - b) No

4. Which of the following snap option is used to snap rebars?
 - a) Guideline snap
 - b) Grid snap
 - c) Object snap
 - d) Bar snap

5. Snap free hand option allows you to draw
 - a) Only in grid region
 - b) Away from grid region
 - c) Anywhere around the Work space
 - d) In between grids

-
6. What hot key is used to activate the orthosnap?
- a) Control
 - b) Shift
 - c) Space bar
 - d) Alt
7. Bar snap works only when the concrete object with rebars is
- a) Converted to wire frame
 - b) Hidden
 - c) Highlighted
 - d) Transparent
8. Which option allows you to draw lines along the X-axis, Y-axis and Z-axis?
- a) Ortho snap
 - b) Ortho track
 - c) Grid snap
 - d) Guideline snap
9. Snap dimension shows a reference
- a) Linear dimension scale
 - b) Angular dimension scale
 - c) Both (a) & (b)
 - d) None of the above
10. Which option shows the imaginary intersection of two point
- a) Ortho snap
 - b) Ortho track
 - c) Grid snap
 - d) Guideline snap

SNAP EXERCISE

1. Draw a poly line from the grid mid point to the grid intersection point.
2. Draw a linear line along the Z-axis.
3. Model a simple footing and move the object by using the face mid snap.

4. Draw a parallel line using the snap parallel option.
5. Draw a poly line in the x, y & z axis using the ortho snap option.

EXERCISE QUESTION

1. Which snap option allows to snap the rebars?
2. To use the bar snap, the object should be converted into _____.
3. Which snap option allows to draw lines along the x, y and the z axis?
4. what hot key is to be pressed to activate the ortho snap?
5. Which snap option allows to snap the mid point of the face of an object?
